ANNUAL OPERATING BUDGET

One of the primary responsibilities of the Board is to secure adequate funds to carry out a high-level program of instruction. The annual school budget process is an important function of district operations.

The school budget is the financial outline of the educational programs and operational services of the school district. It is the legal basis for the establishment of tax rates.

The annual budget is developed for a fiscal year period of July 1 to June 30 the following year.

The Superintendent is ultimately responsible for preparing, and presenting to the Board for their adoption, the annual school budget.
