REVENUES FROM STATE, FEDERAL, OR OTHER GOVERNMENTAL SOURCES

Funds from State, Federal or other Governmental sources will be accepted, if such acceptance has been authorized by the District’s voters, or is otherwise permissible under state law.

Said funds shall not require the expenditure of other school district funds, and shall be accepted and expended in keeping with the terms and conditions of the grant. All grant funds will be assigned a unique project code account number, and all revenues and expenses will reference this unique code. All grants from state, federal, or other governmental sources must be accounted for through the central office; not through student activity fund accounts.

Said funds shall not be expended prior to the Salem School Board holding a public hearing relative to accepting the funds. The public hearing may be conducted at a regular meeting of the board, provided it has been posted at least seven (7) days prior to the date of the regular board meeting.
