TRAFFIC AND PARKING

It is the policy of the Salem school District to provide planned parking areas for use by visitors, employees and students during school hours and school activities.

The traffic and parking regulations contained in the supporting administrative regulations shall govern access and use of Salem School District parking facilities. The Superintendent of Schools, or a designee at the various schools, may have any vehicles improperly parked in a school parking lot removed by towing at the owner’s expense without prior notice to the owner. Additionally, the Superintendent, or a designee, may revoke a person’s right to park on school parking lots if such person has violated any of the traffic and parking regulations.

The school district administrators may revoke a person’s right to use school parking lots if such person fails to drive in a safe and careful manner. Reckless driving, speeding, and disregard to pedestrian traffic are among the violations that should not be tolerated.

Go-carts and other types of unregistered recreational vehicles are prohibited from using school district property, including parking lots and driveways.

All registered and unregistered vehicles are prohibited from school property except for driveways and parking lots without written permission of the Superintendent of Schools, or a designee.

Adopted 2/10/72
Revised 5/6/80; 7/29/80
TRAFFIC AND PARKING REGULATIONS

These regulations are issued to set forth the requirements pertaining to the public use of the Salem School District parking facilities.

The Superintendent of Schools, or a designee, at the various schools may have any vehicles improperly parked in a school parking lot removed by towing at the owner’s expense without prior notice to the owner. Additionally, the Superintendent, or a designee, may revoke a person’s right to park on school parking lots if such person has violated any of the traffic and parking regulations as set forth below. Although the policy does not specify school time or school events, the primary responsibility to implement the policy is during the times specified above.

TRAFFIC AND PARKING REGULATIONS:

No person shall park a vehicle

1. on landscaped areas, such as lawns or athletic fields;
2. in roadways or driveways;
3. in pedestrian walks or in a manner that prevents access to or egress from pedestrian walks;
4. in loading or unloading zones;
5. so as to block access by emergency vehicles to school buildings or other school facilities;
6. further than eighteen (18) inches from any curb;
7. that results in double-parking.

No person shall operate a vehicle

1. so as to exceed posted speed limits;
2. so as to fail to make a complete stop at stop signs;
3. so as to fail to yield the right of way to pedestrians;
4. so as to drive on landscaped areas such as lawns or athletic fields, or in any other area not designed for motor vehicle use.

Faculty, school employees, and students shall obey the school regulations designating and assigning various parking spaces and the hours they shall apply.

1. Said school regulations to be approved by the Superintendent of Schools prior to implementation.
2. Said approved school regulations to be included in student and faculty handbooks.
