STUDENT AUTOMOBILE USE

Students are granted the opportunity to park vehicles during school hours and school events in areas designated, and providing they honor the regulations established by the Superintendent of Schools. The regulations shall require registration of vehicles parked during school hours, practice of safe driving habits, prevent loitering and generally control the use of student vehicles so as to assure the safety of persons, the protection of public property, the cleanliness of the area and restraint from use of the area for gathering and/or loitering of students.
STUDENT AUTOMOBILE USE

Careless driving, excessive speed, discourtesy for other persons or vehicles, failure to park properly, remaining in a parked vehicle, loitering in the area are sufficient reasons to refuse permission for a student to use the parking area.

A student must register vehicles to be left on public property with the building administrator in accordance with procedures established by the building administrator.
