PUBLIC SALES ON SCHOOL PROPERTY

Consistent with the school board’s policy of encouraging the use of school district buildings and grounds by non-profit community organizations, the school board prohibits the use of school buildings or, under most circumstances, school grounds by outside vendors. The policy applies year round.

1. Vendors shall be prohibited from the use of school buildings at all times and, except as in paragraph 2, from school grounds.

2. Vendors are prohibited from school grounds one hour before, during, and one hour after the time schools are in session and/or a school activity is in session.

3. This policy is not intended to prevent a building administrator from approving the sale of specific items by school related clubs or organizations for the purpose of raising funds for the club or organization.

4. Vendors and vendor vehicles shall remain on the paved area used for parking unless exempted in writing by the Superintendent of Schools.

5. Violation of this policy may result in suspension of a vendor’s right to use school property.
