ADDITIONS
- Additional classrooms to meet population needs
- Additional multi-purpose room to accommodate the many competing uses
- Kindergarten Classrooms
- Small group/spaces such as ESOL, OT, Sensory, Speech, Title I, and Reading etc.
- Dedicated Art & Music room instead of using mobile cart housed in closet
- Site modifications for additional parking and safe separation of pedestrian, car, & bus traffic

RENOVATION OF SELECTED AREAS
- Relocate the front office adjacent to the main entrance for improved visibility and security. Configuration also improves the efficiency of the work environment
- Existing Nurse's Office reconfiguration for functionality and to accommodate an accessible toilet and shower
- Reconfigure and enlarge staff room to help facilitate group planning and interaction
- Reconfigured Library/Media Center provides much needed space to function properly
- Additional toilet facilities to meet the population needs
- Corridor and stair modifications for circulation and safety improvements

INFRASTRUCTURE SYSTEMS UPGRADES
- New fire sprinkler and fire alarm system for occupant safety
- New heating and ventilation systems for occupant comfort, indoor air quality, and energy efficiency
- New electrical lighting for educational effectiveness and energy efficiency
- Improvements to electrical power and communications system
- New low VOC interior finishes (flooring and paint) and acoustic ceiling systems
- New plumbing system upgrades including water saving systems
