NON-EDUCATIONAL QUESTIONNAIRES,
SURVEYS AND RESEARCH

Parents or guardians will be notified at least ten days prior to the District administering a non-academic or non-educational survey or questionnaire to students. Parents or guardians will be permitted to review the survey or questionnaire prior to it being administered. The survey or questionnaire will be posted on the District’s website for review up to ten days prior to distribution. After review, parents/guardians may opt-out their child from the survey or questionnaire.

Such an opt-out notice must be in writing, which shall include e-mail notification, and directed to the school principal, the superintendent or the superintendent’s designee. Parents who do not opt-out from District administered surveys or questionnaires will be deemed to have consented to the survey or questionnaire.

For purposes of this policy, "non-academic survey or questionnaire" means "surveys, questionnaires, or other documents designed to elicit information about a student's social behavior, family life, religion, politics, sexual orientation, sexual activity, drug use, or any other information not related to a student's academics" or as otherwise may be defined by applicable state law or Department of Education regulation.
