CONCERT ETIQUETTE

Here are some reminders to help you enjoy our concerts~

*Please refrain from talking during the performance. This includes whispering to or disciplining your other children.

*Please remain seated and quiet when the performance is in progress.

*Clapping is the appropriate way to show appreciation for a performance rather than whistling or cheering.

*Parents should keep small children seated with them and not allow them to run up and down the aisles or in front of the performers during the concert. If a young child should become restless or disrupt other’s ability to listen, please take them from the concert until they are quiet.

*Please do not hum or clap along with the performers unless specifically invited to do so.

*Try not to wave to your child during the concert. Your child has been instructed not to wave back to you. We are trying to teach your children proper behavior and stage presence while performing in front of an audience. Please try not to make your child laugh. This is a time for your child to be serious and follow the conductor and the music.

*Please turn off cell phones and pagers. The cell phone and pagers also interfere with our sound system.

*Please enjoy the concert! Your child has worked hard. Honor and celebrate his/her success😊
