NON-RESIDENT SALEM SCHOOL DISTRICT STUDENT REGULATIONS

Special, Extra-Curricular Activities

Parents of children on an approved home education program, attending a private school or attending public charter schools desiring to have their children participate in special or extra-curricular activities must put their request in writing to the principal of the school. Participation of home schooled children, children attending a private school and children attending public charter schools will be based upon the following criteria and guidelines:

**Elementary Schools**

1. Children may visit their respective neighborhood school with the permission of the principal and under the direction of a teacher.

2. Children may use the school library after school, evening, or vacations as it may be available to regular public school students with the permission and under the direction of the principal.

3. Children being are permitted to attend parties, celebrations, or special assemblies or participate in field trips in accordance with rules/regulations for regular public school students.

4. Children may participate in instructional programs provided they complete and file health/immunization records and meet all prerequisites to take the course or program. Participation by students being educated at home is contingent upon space being available.

**Woodbury School**

1. Children may visit the school with the permission of the principal and under the direction of a teacher.

2. Children may use the school library after school, evening, or vacations as it may be available to regular public school students with the permission and under the direction of the principal.

3. Children may participate in after-school interscholastic activities and clubs not directly affiliated with a specific instructional program or curriculum based upon the following conditions being met:

   (a) Students meet the academic and department standards applied to regular attendees of Woodbury School.

   (b) The parents of students will be required to review the portfolio of academic work and records with the principal as needed.

   (c) The student must obtain and return to the Director of Athletics certification of a registered physician indicating approval to participate in athletics, on a school physical examination form.

   (d) The student must provide evidence of coverage by a voluntary school accident insurance policy. A written notice signed by parents or other proof indicating
adequate home coverage supersedes this requirement. Such notice to be returned to the Director of Athletics.

(e) The parent/guardian must complete and return to the principal a school eligibility form including the emergency information forms.

(f) The student and parent/guardian must attend a meeting scheduled by the Director of Athletics for the purpose of participating in a program designed to explain the rules and regulations for interschool athletics and the inherent dangers associated with the activity. Attendance at this meeting is mandatory for eligibility.

4. Children may participate in instructional programs provided they complete and file health/immunization records and meet all prerequisites to take the course or program. Participation by students is subject to the same conditions as Woodbury School students.

5. Children are eligible to attend dances and other social events with the permission of the principal.

Salem High School

1. Children may visit the school with the permission of the principal and under the direction of a teacher.

2. Children may use the school library after school, evening, or vacations as it may be available to regular public school students with the permission and under the direction of the principal.

3. Children may participate in NHIAA sponsored school interscholastic activities and clubs not directly affiliated with a specific instructional program or curriculum based upon the following conditions being met:

   (a) The parents must submit a written request to the principal of the member school requesting their son/daughter's eligibility to participate in interscholastic athletics.

   (b) The student must reside in the school district that serves the high school and must be living with the parents or legal guardians in the family residence.

   (c) The principal must be satisfied that the student was not recruited by the high school for the express purpose of participating in sports.

   (d) The student meets the guidelines of the Age of Contestant Rule, Post-Graduate, Semester Rules and all other Eligibility Rules found in the NHIAA Handbook.

   (e) The principal will be required to meet with the student's parents to review the academic work completed during the previous marking period.

   (f) The principal must be able to satisfy to the best of his/her ability that the Scholastic Standing Rule, which states that a student athlete must have successfully passed three (3) units of work during the previous marking period in order to represent the school in any interscholastic athletic contest, has been met.
(h) The student must obtain and return to the Director of Athletics certification of a registered physician indicating approval to participate in athletics, on a school physical examination form.

(i) The student must provide evidence of coverage by a voluntary school accident insurance policy. A written notice signed by parents or other proof indicating adequate home coverage supersedes this requirement (football players shall be covered by a school district policy). Such notice to be returned to the Director of Athletics.

(j) The parent/guardian must complete and return, to the trainer, a school eligibility form including the emergency information forms.

(k) The student and parent/guardian must attend a meeting scheduled by the Director of Athletics for the purpose of participating in a program designed to explain the rules and regulations for interschool athletics and the inherent dangers associated with the activity. Attendance at this meeting is mandatory for eligibility.

4. Children being educated at home may participate in instructional programs provided they complete and file health/immunization records and meet all prerequisites to take the course or program. Participation by students is subject to the same conditions as Salem High School students.

5. Children being educated at home are eligible to attend dances and other social events with the permission of the principal.
