Math: Working on subtraction stories. When we have a missing part in our model, “we gotta subtract!”
We worked on number sentences like 5-3=2 and 9-3=6

Writing: We are all writers! We write stories about our lives.
- We worked on focusing on a small moment in our lives to write a story about ourselves.

Reading: We are re-reading to grow our brains and re-reading to make our voices sound smooth.
Ask your first grader what 3 things we can do when we are finished with our book.

Phonics: Every letter has a vowel. We worked on the vowel “a”. We stretched out words and highlighted the vowel.
We are continuing our discussions about respect. How do we show respect? How can we be respectful to our friends and teachers?

We also worked on listening.

Welcome back Tom Brady! Go Pats 😊

Fall Conferences will be Monday, November 7th.  
-Please email me to schedule a time if you were not here for open house
