A Peek at Our Week

Math: In math this week, we wrapped up our unit about counting numbers 1-10 and began talking about shapes. During this next unit, we'll be exploring shape names and positional words (on, above, behind, etc).

Writing: In writing, we made two topic webs to come up with ideas for our next stories. One topic web we made was about our families, the other was about the places we go. These topic webs helped us start our new stories this week! We also talked about how authors make plans before starting work and how the colors authors use need to make sense in their stories.

Reading: This week we learned how to use our classroom library. We also read Sheep on a Jeep by Nancy Shaw and began learning about the concept of rhyming.

Snap Words
This week we learned the snap words: play and go

Please send in (or email) a picture of your student's family for a special project we will work on in our class! Thanks!

Important Dates
October 9: No School
October 11: No PM Kindergarten

Weekly Snapshots
We love to read!
