VIDEO AND AUDIO RECORDING OF STUDENTS

Video and audio recordings may be used for special education or Section 504 purposes, when a student's individualized education program or accommodation plan includes audio or video recording as part of the child's education. All such recordings will be maintained in accordance with the Family Education Rights and Privacy Act, and other applicable law(s).

The Salem School Board permits the video and audio recording of the following school-related activities. The following purposes are not intended to be exhaustive and may be expanded or contracted by administrative determination or Board action.

- Extracurricular/co-curricular activities
- Musical performances, band, concert band, ensemble, orchestra, choir
- Drama activities as permitted by copyright
- Club events
- Sporting events
- Other activities such as student senate, yearbook, and JROTC
- Ceremonies, orientations, presentations, school assemblies or meetings, or any school events which occur outside the regular classroom.
