A Peek at Our Week

Math: In math this week, we learned about the flat shapes that all kindergarteners need to know—rectangles, triangles, squares, circles, and hexagons. We also learned about the sides of a shape and the corners of a shape!

Writing: This week we worked hard on the books we’re writing to tell our stories using both pictures and words. Some of us finished stories, and we learned how to carry on independently, and how to start a new piece! We also used new tools, such as markers and colored pencils to add details to our stories.

Reading: This week we learned how nonfiction books, or teaching books, can help us learn about the world around us. We practiced this skill using a big book about broken bones.

Snap Words
This week we learned the snap words: and & up

Important Dates
October 9: No School
October 11: No PM Kindergarten
October 31: Halloween Celebration (more info to follow)
November 9: Parent-Teacher Conferences
November 10: No School
November 21: Picture Retake Day

Toys from Home
We kindly ask that all toys from home stay home during school! We have plenty of toys for the students to use here at school, and we don’t want to risk your child’s home toys becoming lost or broken during our school day. Thank you in advance!

Wish List
Paper Towels
Germ-X
